JUDGES

Jim Bodkin has been a lifelong family and travel photographer. However, it took retirement and digital photography to allow him to ascend to his current level of photographic proficiency as a creator, educator and judge. Jim's long-time interest in nature, including wildlife and landscapes, coupled with his desire to travel defined his photographic direction. He has currently visited 43 countries plus all 50 states, to tour and photograph. He was finally able to photograph in Australia in early 2020, just weeks prior to the pandemic. Jim joined his first local camera club in 2009 which was dedicated to only nature photography and became successful in competitions at the local and regional levels. He joined the Photographic Society of America (PSA) in 2010 and started competing nationally and internationally achieving his skill based PPSA in 2019. He also became active in the administration of PSA functions serving over 5 years as the Chairman of the Nature Division and 4 years as Chairman of the Chicago Chapter in addition to several other functions. He received the APSA award for his service in 2018."

Ian English joined the Australian Photographic Society in 2007 and started entering National and International Competitions in 2008. He has achieved much success in international exhibitions and has judged many competitions at both National and International levels. Recently he was Chairman of the Maitland International Salon of Photography for three years. His photographic interests span many genres and he particularly enjoys portraiture and creative compositing of images.

Nadia Filiaggi is a member of the APS, PSA, GPU and FIAP. She is the PSA Photo Travel Exhibition Standards Director and is heavily involved with the Photo Travel Division's Education Programme launched in 2020. Nadia is on the PSA Photo Travel Review Panel and is the Second Chair of Photo Travel. She is currently writing a course on Photo Travel which will be made available to PSA members. She has had articles published in the *PSA Journal* and in the *'The Photo Traveler'*. Nadia also presented a Webinar on Photo Travel. Nadia genuinely loves helping and inspiring others to achieve their goals in their photographic journey.

Andy Hayes is an experienced aviation, nature and wildlife photographer who dabbles in a little creative work. Officially retired Andy is fortunate to have time to develop his passion for photography. He is an Associate of the Royal Photographic Society, has achieved Excellence/silver standard with the Federation Internationale del'Art Photographique, PPSA distinction with the Photographic Society of America and is a holder of a Distinction award from the Photographic Alliance of Great Britain. Andy judges for the Scottish Photographic Federation and presents on Aviation and Wildlife. He has had the pleasure of judging remotely at international level. In March 2020 Andy took up the position of Membership VP for the Photographic Society of America. In addition, he undertakes the roles of Scottish Membership Director and Liaison Officer and Exhibition Standards Director for the British Isles. Andy is also training as a Star Ratings Director for the Travel Division.

Barbara Jenkin has been involved in photography for many years. She is a member of Camborne Redruth Camera Club in England. In 2007 she began to take photography more seriously and began the pursuit of honours. Barbara enjoys most genres of photography, in particular photographing buildings and focusing on portraiture and fine art nude. Barbara also enjoys making abstract and creative images and thoroughly enjoys post production work on the computer, where photography and art overlap and fuse together. She has recently achieved EFIAP/d2, GMPSA/G and SPSA.

Roy Killen is an accomplished wildlife photographer who competes regularly in international exhibitions. In 2015 he was awarded the Nature Medallion by the Australian Photographic Society in recognition of his contribution to nature photography. Roy is a very experienced judge at club, national and international level.

Gary Potts began his photography passion as a 14 year old youth in a local camera shop in his hometown. Nearly 60 years later, he's earned his APSA, GMPSA, SPSA and EFIAP/s distinctions from both the Photographic Society of America and the Federation of International Art Photography. He is a past-Executive Vice President of PSA and judges many international exhibitions while continuing his own photographic pursuits.

Barbara Schmidt was born and lives in the Ruhr area of Germany. She graduated in administrative sciences and retired in September 2015, after more than 40 years as a civil servant. Barbara and her Fuji XT 2 have been on the road since May 2014. She learned all by try and error, with a lot of love. The motifs are varied because everything that arouses interest is photographed! Barbara doesn't go out with the intention of bringing a certain picture, but goes to places, where she wants to be and expects what may come there. This brings special and very successfully images. Since her first acceptance in March 2016 she has received more than 5000 acceptances with over 500 awards. Barbara's photographic focal points are: architecture, landscape, long exposure, people, nature, travel, street and animals.

"You are your own limit, rise above it." (Hafis)
